

DISTRICT MISSION

To inspire and motivate our students with an educational experience that leads to achievement and success.

DISTRICT VISION

MCHS graduates will possess the determination, knowledge, skills, and values necessary to accept social responsibility, succeed in today's world, and meet tomorrow's expectations.

BELIEF STATEMENTS

- Members of the community are accountable to each other for the educational success of all students.
- Students, staff, teachers, and the community will have a physical facility that is safe, well-maintained, and flexible enough to meet the educational needs of the district.
- In our diverse world, everyone has the right to be treated with respect in a nurturing learning environment that guides students toward self-sufficiency, responsibility and accountability.

BELIEF STATEMENTS

- Support and encouragement of educational innovation and collaboration contribute significantly to a healthy learning environment.
- Access to and use of timely data and clear information will facilitate learning.
- Education should be adequately funded as the district demonstrates fiscal responsibility and accountability.

GOAL STATEMENTS

GOAL 1: IMPROVE GROWTH AND ACHIEVEMENT OF ALL STUDENTS.

- Priority 1A: Ensure consistent implementation of a curriculum tied to College Readiness Standards, as well as state and national standards, common formative and summative assessments, and an intervention system (RtI) to increase individual student growth and achievement.
- Priority 1B: Assist students in taking responsibility for monitoring and tracking their performance to be able to articulate what they know and what they need to learn.
- Priority 1C: Design, implement, and assess an intervention (RtI) system that reduces achievement gaps and improves all students' growth and achievement in reading, writing, and mathematics.

GOAL 2: GUARANTEE A SAFE ENVIRONMENT FOCUSED ON LEARNING.

- Priority 2A: Improve internal and external two-way communication to ensure clarity for the school community of the progress toward attaining the district's mission, vision and goals.
- Priority 2B: Collect, analyze, report, and act on data to address improvement within and across all levels of the system.

GOAL 3: DEMONSTRATE STAFF AND ORGANIZATIONAL EFFECTIVENESS.

- Priority 3A: Design, implement, and assess a program for staff development and collaboration that is aligned to our mission and vision.
- Priority 3B: Align evaluation processes for students, staff, and administration to a continuous improvement model.

GOAL 4: ENSURE SHARED ACCOUNTABILITY FOR THE ATTAINMENT OF DISTRICT MISSION, VISION AND GOALS THROUGH THE ALIGNMENT OF DISTRICT RESOURCES.

- Priority 4A: Balance the needs for providing students and staff the resources necessary for a high quality education with the community's ability to fund.
- Priority 4B: Engage the school community —students, families, staff, and residents— in decision-making.
