Student Organizations and Clubs Eligibility

Minooka Community High School requires that each student maintains a minimum grade point average at the end of each semester in order to be eligible for participation in any club or organization. Any student who fails to meet this requirement will be suspended from further participation until the student attains an overall grade point average of 1.5 in a subsequent quarter.

Certain clubs/organizations have additional academic requirements as well as guidelines for appropriate behavior. Clarification on guidelines and consequences can be explained by their respective advisors. No list of rules can be all-inclusive. Furthermore, the specific consequences may be modified at the discretion of the administration. These policies and requirements are reviewed annually. For the most current information, please contact the Activities Director.
